A Bible College Like No Other

"I wouldn't trade what I've learned
this year about my God for much
gold." - A.R. Student

Annual Missions Banquet November 22

Welcome and RSVP for our annual Missions Banquet. Every year CIB joins with White Stone Missions in November to presents what has been happening over the last year; and what plans are in the works for the next year. We also have displays unique to White Stone Missions and unique to CIB. The Who, What, When, Where, Why & How are all covered. Each year new people are surprised at the quality of the materials and how far it has gone.

Please join us for an evening of celebration to God. You will need to RSVP. Bring a guest or group with you.

Planting Bible Colleges

As many of you know, the primary thrust of our program is planting Bible Colleges on the Mission Field so that the people who live there can raise up their own Pastors, Missionaries, and Bible Instructors. Updates in our latest Bible College Plants will be given the night of the Banquet.

The Issue

More than three million Pastors in the world have no Bible training. Many have no education over the 6th grade. Rather than sending missionaries, join with us to educate the Pastors & Missionaries already there who are doing their best to further the Kingdom. We create the needed materials, give them to an established ministry, and they own and operate it. It is their responsibility to use the materials to train up their own people to do the work of the ministry.

Who Should Attend?

Anyone with an interest in Missions or White Stone Missions and its projects. Or those interested in CIB and developing materials for the missions field. Come as our guest! If you simply wish to join us for an evening of fellowship, you are most welcome!

Developing Materials

Charnock Institute of the Bible develops the materials for the mission field. We create

materials which have the same quality which we use at CIB. We know that the work level for students on the mission field will be difficult. But we also know that they can do it and that the rewards of knowing their Bible and their Lord will be worth it. Waiting lists of students to get into these Bible Colleges is the norm. We accommodate what we believe to be the most responsible number of students. Then we show them how to share and reuse materials if needed; they are not allowed to write in these materials so they can be used again and again. Sharing materials doubles the amount of students which may enroll.

Join us for an evening and see the materials for yourself. RSVP at:
