SUMMER SESSION BEGINS IN JUNE

Summer Classes Include

- Hebrew Grammar Introduction - This ten week course covers the entire Hebrew Grammar and large amounts of reading directly from the Hebrew Bible itself.

- Greek Grammar Introduction - This ten week course covers the entire Greek Grammar and large amounts of reading directly from the

Greek New Testament.

- Latin Grammar - CIB requires Latin to bring up the students education. Historically Latin and Greek were required for entrance into College. We have restored this by offering them in Summer Sessions.

. . . is not simply a few Greek classes. It is a Bible Study through the entire New Testament in the Greek text. The Hebrew is the same! Students are amazed how quickly their language studies turn into Bible studies. This is what takes the sting out of the difficult language studies. Out students have told us repeatedly that "It was the reading that did it." The reading is what put the language together for them and caused it all to make sense. CIB stands alone in this truly Biblical Education. English will never translate all of the beauty and majesty of the revealed mind of God in the Greek and Hebrew text. Students must be exposed directly to the mind of God for themselves. A Pastor without the languages will create a wall between God and the congregation. His people simply will not have access to the original Scriptures in dealing with problem passages, and original expression.

As well as the original languages of the Scriptures, CIB has inculcated an approach to theology and Church History

like no other Christian College. Students literally read all known Church documents written from the Apostles to a.d. 325. This allows for students to see for themselves everything the early Christians knew about, believed, practiced, etc. As well as what they did not know about, or practice, or believe, etc. They read for themselves what the beliefs of the real early Church were. No more hear-say about such an important subject. Within the first couple of hundred years the early Church writings provided a complete Systematic Theology - Doctrines included the Trinity, the Virgin Birth, Sin, Church Discipline, Heaven, Hell, teachings on the Last Days (eschatology) and much more.

Biblical Counseling classes at CIB are just that; i.e. using the Bible for all of our Counseling needs. Counseling is a form of Discipleship and so the Bible is THE Book.

So also: The Attributes, Character and Eternal plan of God are a major part of what we teach. Where did the creation come from and WHY? Where is it

going and WHY? What is its purpose NOW?

So also: Students learn to see Jesus Christ in every passage of the Old Testament. Again, this approach is unique to CIB.

To set up an interview, please call or email the office. To begin the process, submit a two page testimony of your background, how you became a Christian, and briefly describe your current relationship with God. We look forward to hearing from you.
