

Working With Missions

It's been a year of working on the field where we only arrived with Missions and Missionaries. We always welcome those from the Mission Field speaking to us and viewing our programs. Regularly we hear them share that they simply were not taught how to lead a Church and they wish they would have had the education that we are providing. No strange thing here since our own staff confesses the same thing. What we wish we would have known and how we wish we would have been taught are very similar to what Missionaries and Church Leaders say. Having acknowledged this problem we set out to fix it. We hope young men and women headed to the mission field can train with us and begin their ministries

in our older age. We wish we knew then what these graduates know now. They certainly have the potential to go further than we ever could since they will have what we took 35-50 years to obtain.

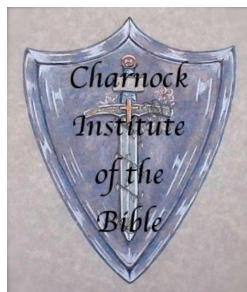

These words are true. The observations of others from good Colleges have made the same observations; wishing they would have had the education which we are offering. We would ask you to consider joining CIB for an education that will place you in a context to know our Lord in a much deeper and clearer way. Isn't this what Biblical Education seeks in the first place! This coming September will bring new students into the . . . (continued)

Working With Missions

KNOWING GOD PROGRAM; our one year Diploma. Other students will be in Bachelor of Divinity Programs, and still others in our Master of Koine' Greek Program; where they will actually Read through the entire Greek New Testament 20 Times while polishing their own Greek Vocabulary of the Greek New Testament. We will also be active in working with Missions and Missionaries to provide accurate Biblical Linguists to assist them in translation.

Most do not know that Translators translate on the Mission Field NOT from the original Bible, but primarily from English Translations. This actually removes the people of the Target Language from direct access to the actual words and meanings. We desire to change this and aid men and women in translating directly from the Greek, Hebrew and Aramaic texts. CIB's program is all about READING the Bible in its original languages like you read the Bible in your regular Devotions. Not Geekish but simply Reading as you would any other book.

We are training men and women to do this from the very beginning of their ministries as Pastors, Missionaries, Bible Teachers & Professors. Your student could be a part of this! He or she will leave here having completed their 4 year degree and settle into a life of ministry far above and beyond where we

began. Where we wish we would have begun!

Summer session is ending soon and Regular Session begins in September. "Do you want to be made whole?" , , , we would like to help! Register now and join us for a life changing adventure. Like the man among the tombs who was, "clothed and in his right mind," this is SALVATION.
