

Wycliffe Associates Missions Conference

Wycliffe Associates to use the tools; but not equipped to Conference was a great success on read the Biblical Languages. July 6th. It was an incredible time Laymen are never aware of this! with more Linguists attending than Biblical Studies are done in English anyone else! If you have never seen at Bible Colleges and Seminaries. the Wycliffe Associates Most will never use these languages presentation you do not know what substantially once they leave the you are missing. As I spoke with Educational Institution. men throughout the room, I found their response to be amazement and excitement. Both for what Wycliffe Associates is doing throughout the world and at the possible opportunity to get involved themselves with them.

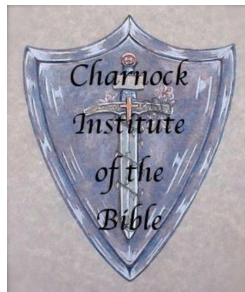

As you know, those who can actually read Greek and Hebrew are a small handful throughout the world. College and Seminary training usually means ONLY that a man or woman has been equipped

As I looked around the room at those who have classed with us here at CIB in Linguistics, I realized that they are among that small handful of men and women who can read the Biblical Hebrew and Biblical Greek Texts.

As Wycliffe Associates representatives continued with the programs they have developed, I along with everyone else was rejoicing over what God has done. We tend to forget that in the

White Stone Missions

Not since the Early Church has the teaching of the Bible reached so many peoples and nations as it is reaching today. Wycliffe Associates is at the head of this! They are putting the Bible into more languages than any other group. Why not take a look at them and consider helping. God may not accept your help if your life is not in order. The question is not "will you help?" but rather, will you be allowed to participate in the work that Jesus is doing throughout the centuries and throughout the world!" wycliffeassociates.org

How sinful are you? Enough to say, "Depart from me Lord, for I am a sinful man."? Not until Peter uttered those words, did Jesus say, "follow Me." The unworthy are the Slaves and Servants of the Kingdom of Jesus. The worthy, He does not use. The obedient-broken are His Servants of Choice. Servants who simply do what they are told by their Master with no agenda and certainly no self-involved! His kingdom and not their own is everything.

Join with Wycliffe Associates and serve for Him. No agenda but "yes Lord, where may I help Lord, where do you want me Lord, not my will Lord but Yours."

Translation World; there are needs for the Bible to be available for the Blind, for the Deaf, for those where no script of even alphabet exists. A Sign Language Bible for the Mission Field has been developed and is making headway. The Bible is being read into recorders for those People who cannot read, or see. Hundreds of Translations are under way. The quiet storm of grace has come!

If one has humility he or she can easily go to the field for short term Missions; and no great theological training is required. English will do! You can assist in projects where the entire New Testament is being translated in two weeks time! So no cry-babies and no excuses; just go! If not you, then send someone in your place.

NEW SYRIAC COURSE IS NOW AVAILABLE

The entire Bible was translated into Syriac just as the Apostles passed from the scene. I have become impressed with their skill level and understanding of the Biblical Greek and Hebrew text. Simplicity and Clarity! This is the first clear Translation and Interpretation of the full Bible from the early Church. It demonstrates how they read and understood the Scriptures. This makes it a valuable Commentary as well. Modern Translations and Interpretations which depart from EVERY Early Translation and the Teachings of the Entire

Early Church are more than a little bit suspect. One could argue that they have a new message the early Church Pastors, Teachers and Translators knew nothing about!

NEW COPTIC COURSE

COPTIC (Egyptian) was the 2nd Translation made of the Bible. Moving from hieroglyphs (“Sacred Carvings”) they moved to using the Capital Greek Letters with the addition of 6 new letters of their own making. Only the New Testament is available currently, but the Old Testament (they translated from the Greek Septuagint) is now being put together from its many scattered manuscripts. So while translation might not be great, it would still have value in the area of their “understanding” of what was being said. While the Septuagint was NOT a good translation, it was the Bible of the Early Church; and even of portions of the Latin Vulgate which are taken from it.

If I Were Starting Again

If I were to tell you what I wished I would have had when I began, It would in fact be the curriculum of CIB. No other College or Seminary offers you fluency in Biblical Greek and Hebrew at the end of your 4 year degree. The need for seeing what was actually written by the Apostles and the Prophets cannot be over estimated. Only the ignorant believe these

documents have nothing to offer. The Early Church Fathers are read in their entirety over a three year period and you can see for yourself what they knew, believed and taught. An extreme few know what is there. Seeing Jesus in each and every passage is not taught in Bible Colleges and Seminaries with any sort of clarity. How could it be since the Hebrew text is required for this!
