

## Missions Conference

Wycliffe Associates will be joining us on July 6, for a day long conference. They have moved translation times translating the New Testament from English into Native Languages to just a few weeks. Incredible! This is their MAST program and we have been participating on the field with them in assisting in translation and in providing Translation Checkers. The Conference will be in 3 Parts:

### Session One

- \* Overview of W.A. translation programs (MAST, Deaf, ORAL)
- \* Current Scope of the work (number and locations)
- \* Current support programs and tools.
- \* Looking at the quality today and in the future (implement

programs, research and needs for the future)

- \* Ways to get involved.

### Session Two

- \* Review Morning
- \* Problems Solving Together
  - Biblical Languages: hopes, dreams & Desires.
  - Hearing CIB Perspective
  - A challenge in partnership (more than joining our teams - working together mutually).

- \* How to use our resources together - what can we plan.

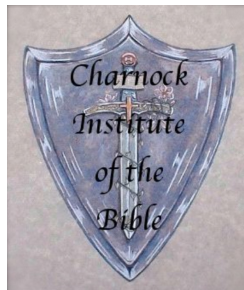

### Session Three

This is LIVE HEBREW READING and a presentation on How we teach languages at CIB.

Sessions 1 and 3 are open to the public. Session 2 is for those who have taken a College Level . . . .

### FREE HEBREW COURSE

Our Summer Hebrew Grammar Course is online; and Free! Simply go to [charnockedu.com](http://charnockedu.com) and select the FREE CLASSES and follow the link(s). The Grammar can be downloaded and the videos can be seen as you go. Some of you will enjoy the BIBLE STUDY by simply following along with your English Bible. Everything is explained and if you will simply learn the Hebrew Alphabet, you can follow along with amazing clarity!

This Hebrew Course is the entire Grammar and you will be reading Hebrew if you stay the course. Plan on 3 - 5 hours per chapter and you will be fine.

N.B. Hebrew is the most taken class that we offer at CIB. More people take this than anything else. You can do this . . . Unless you are a whiny-pansy! Work Hard and Do A Good Job and you will be rewarded greatly!

## White Stone Missions

[whitestonemissions.com](http://whitestonemissions.com)

Our list of countries we have gone to has grown over the years and we realize well that God does and will work through His people. Not because of the financial resources they have, but in spite of what they don't have. "Bring It To Me!" Jesus said; when the Apostles declared there simply was no way, and no adequate funds.

If God is calling you to Training in Biblical Studies and Ministry, then COME and LET'S Go! We would love to participate with you in getting you prepared and going. Be on a Mission Field as part of your Education.

Where will you be in 5 years? Not, WHERE DO YOU WISH YOU WOULD BE, but where will you actually be with the plans you now have? Put Dates in your Plans!

Send a Missionary? Why not! Be a Missionary? For Certain! Lets do it now . . . If we can assist you, we will.

Join us in sending competent Translators where the Bible is still unknown. Picture yourself with no BIBLE ever, and hearing it for the first time in its freshly translated words which you actually understand.

Language Course and/or are potentially interested in being involved.

Join Us for this Conference at our Payette Campus. Please RSVP by email or phone. You will not be disappointed should you choose to be a part!

### NEW SYRIAC COURSE

Beginning in September 2017, CIB will be offering a new Syriac Course. The entire Bible was translated into Syriac just as the Apostles pass from the scene. It offers several benefits:

1. It is the first Bible made after the Apostles.
2. It was translated by Jews who had come to faith. There is the consideration that the Old Testament could have been translated by non-believing Jews.
3. It provides the earliest opportunity to see how the Bible was being read and interpreted by the first Christians and by Jews who put the New Testament a language very similar to Hebrew.
4. You will be surprised to see how they read and understood multiple passages from both of the Testaments. Interpretation is very much a part of all translation; so here is your chance to see, without modern views, what they saw.
5. The Syriac Course will be part of a Master's Degree at

CIB. A Two Semester Course.

### NEW COPTIC COURSE

Like the Syriac, the COPTIC was the 2nd Translation made of the Bible. COPTIC means Egyptian. When the Egyptians moved away from their hieroglyphs ("Sacred Carvings") they used a script created by using the Capital Greek Letters with the addition of 6 new letters of their own making. While only the New Testament is available presently, the Old Testament is being put together from its many scattered manuscripts and is not due for publishing for some time. However, the Old Testament portions are actually taken from the Septuagint (LXX) which is the Greek Translation of the Hebrew Text a couple of hundred years before Jesus arrived on the scene. It was NOT a good translation, but was the Bible of the Early Church; and even of portions of the Latin Vulgate. It offers several benefits:

1. It is the second Bible made shortly after the time of the Apostles.
2. We see the reading of those in Christianity. How they read, translated, and interpreted the New Testament at that time.
3. You will see Translation Practices into the Egyptian language and culture.
4. The COPTIC will be a One Semester Course with a possible 2nd Semester

Course of pure Translation of New Testament Texts.

### TEXTUAL CRITICISM

Did you know that Textual Criticism is a field of study that few Christians ever participate in. It requires multiple language studies and the Languages needed are normally NOT offered at Bible Colleges and Seminaries. For Biblical Studies it requires Greek, Hebrew, Aramaic, and Latin. These ARE the all classes at CIB and students participate in Textual Criticism courses in their final year at CIB. Syriac and Coptic will add two more Languages to this important area of study for those completing the first four languages.
